EDUCATION TEXTILE STRATEGY **TEXSTRA**

Textile Strategy for Innovative Higher Education

Strategic Partnership for Higher Education
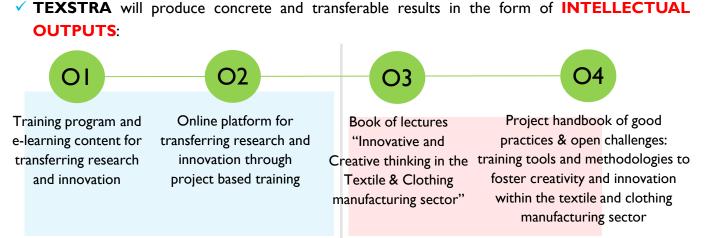

www.texstra.eu

September 2017 – February 2020

Textile Strategy for Innovative Higher Education (TEXSTRA) is a Strategic Partnership for Higher Education, co-funded by the European Commission, under the Erasmus+ programme.

The project aim is bringing together the main stakeholders within the textile sector to **promote and contribute to the transferring research and innovation knowledge to students & trainees of the textile/clothing Sector via project based learning**, contributing to increase the efficiency and competitiveness of EU textile small and medium enterprises.

✓ **Higher Education Institutions**
Students, trainers, academics

✓ **SMEs**
Managers

TEXSTRA

OUTPUTS

✓ **TEXSTRA** will produce concrete and transferable results in the form of **INTELLECTUAL OUTPUTS**:

O1

Training program and e-learning content for transferring research and innovation

O2

Online platform for transferring research and innovation through project based training

O3

Book of lectures "Innovative and Creative thinking in the Textile & Clothing manufacturing sector"

O4

Project handbook of good practices & open challenges: training tools and methodologies to foster creativity and innovation within the textile and clothing manufacturing sector

✓ **TEXSTRA** will carry out support activities to achieve these outputs:

- Need analysis and state of the art report: transferring research and innovation in the textile & clothing manufacturing sector

- Virtual internship/training programs - Virtual Project Competition

✓ **TEXSTRA** will organize 6 multiplier events with main stakeholders in the textile sector: to present and analyze the project and its results in Lithuania, Italy, Portugal, Bulgaria, Romania and Greece.

✓ **TEXSTRA** will perform training activities to achieve the following objectives:

- To favour the application of creative and innovative thinking among university textile students.
- To foster the collaboration among HEIs and companies in the field of training and education.
- To foster textile&clothing manufacturing university students capacities to operate at transnational level.
- To transfer research, innovation knowledge to students of the textile&clothing manufacturing sector through blended learning and flipped-classrooms.
